Prophecy

Washington, D. C.,

June, 1955.

Dear Madam President:

This being the tenth year after our farewell at Handley High, I decided you might like to know the success of our class of 1945. Here begins my story:

Since the time of my graduation from T.W.C., I have worked as an accountant at the Waldorf-Astoria in New York until several days ago when I received a request from **Sidney Fisher** to come to work as his accountant. Sidney is the general manager of Moore's Mansion, the new hotel in town owned by **Bob Moore**. Bob successfully runs a farm out in Tater Hill, also. I accepted this position for it is truly an advance to move into a larger, more nationally known city.

I arrived here on the **Countryside** bus, a cross-country line owned by **Glenn** with **Adelle Rohrer** and **Mary Lou Moore**. Mary Lou is the house detective in Adelle's department store. They both seemed very content and happy. You can imagine my surprise to find Handley so cosmopolitan. Even **Alan Philips** with all his mathematical genius is needed to manipulate the civic affairs of the city with **Doris Taylor**, who assists him in all women's affairs.

As I was walking down Main Street this morning a newsboy kept screaming, "Extra! Extra! Read all about the broken engagement of **Miss Nellie Scott**. Since all the world loves a lover, I bought a copy. There across the front page as big as everything was the story. It appears that Nellie's husband-to-be was smothered in an attempt to see **Wandania Bartonya** and **Jackielean Swaffordia** sing a duet at the local radio station. Even **Dub Lumpkin**, the chief-of-police, couldn't control the crowd. I suppose Nellie will now finish her series of articles called "The Art of Eating Spaghetti."

Early this morning I met **Louise Hill** and **Barbara Kliernert** dashing out of the Post Office. Before I could stop them, they went flying off in their helicopter. On the side of the plane in large red letters were the words: **Louise Hill**, traveling salesman with her girl Friday, **Barbara Kliernert**, Secretary. They always did like to travel. I had lunch with **Peggy Dunn** and **Pat Shifflett**, today. Peggy is manager of the Worth Food Store now. They told me that many of our classmates are working in the bank now. You remember how small the bank used to be; now it covers that whole block. **Lindy Hughes** is the President and **Charles E. Johnson** is head cashier. I remember them in Math class whoever would have believed that they would succeed in a bank, but they are. They also told me that **Joy Ann Owens** is expected from California next week to be **Lindy's** stenographer. Pat is head nurse out at **Dr. M. E. Stallcup's** General Hospital on Meadowbrook Drive. I also heard that **Edythe Falloft** works wonders for the patients there.

By the way, **Tater Jones** has created a character more distressing than **Gravel Gerty**, more powerful than **Superman**, and more adventurous than the **Inner Sanctum**. He is cartoonist for

the "Johnson's Daily." **Charles V. Johnson** has always made news at Handley, hasn't he? **Natalie Holman**, whose article, "The Rise of Brotherhood when Hitler Fell," made her world famous, is his chief journalist. **Charles Whittle**, pastor of the First Methodist Church, was the topic of her regular Saturday "Sunday's Sermons."

Speaking of newspapers, I'd like to tell you that I read in a New York paper several months ago that **Jack Everett**, the John Powers of 1955, has his headquarters here. Among his beauties are the nationally famous models **Natalie Fitzgerald** and **Mary Belle Jones**. This afternoon I visited the radio station **HHS**, which broadcasts from on top the **James Pharmacy**, owned and operated by **Peggy James**. **Le Roy Pierce** and his orchestra were on the air when I arrived. **Harold Ogletree**, who has learned to play the electric guitar, and **Wallace Pridgeon** have famous orchestras also. **Peggy Hill** was announcing a number by **Louise Palmer** written especially for the "Harmony Sisters," **Thelma Moore** and **Edna Lynn Frizzell**. **Thelma** and **Edna** work as stenographers at **Sears-Robuck** on their days off. **Pat Williams** and **Billie Jean Reeves** resigned their positions at **Wards** and **Williamson-Dickies** to work at **Sears** in Handley.

I met **Mary Lou Adams** as I was leaving the station. She owns a dude ranch out in East Handley. Mary Lou told me that **Gene Reynolds** is the Admiral of **The Cruiser** on **Fosdic Lake**.

I placed a call to the beauty parlor but **Judy Lasater**, now the telephone operator, stood facing me in the television telephone, invented by **Jack McLaughlin**, the celebrated private detective who desired to make possible investigation by telephone. Judy said that she was going to the **Gem Theater** tonight to hear **John McKee**, the famous sports commentator, give the returns of the **International Baseball League** on the screen. Judy connected me with my friend, **Imogene Williams**, who is now a professional hair stylist. She is often referred to as "The Movie Star's Secret." Another friend of actresses is the **Pruett-Pawley Fashion Bazaar** where **Vesta** and **Lugena** design the latest fashions.

I met **Virginia York**, **Eve Flanagan**, and **Bonnie Crow** on their way to the clubhouse for the "Housewife Hints Organization." **Bobbie Marie Parker** lectured there today on "The Future Popularity of Plastic Safety Pins." That reminds me I forgot to ask **Bonnie** and **Virginia** their married names.

Oh, yes, **Evelyn Karr** hung her shingle last year to begin a successful law career across from the new Court House.

I am happy to report to you, **Margie Bone**, once President of our class and now President of the United States, that our classmates of 1945 are the active citizens of our Handley of today. What will Washington be like when **Lawana Reeves** becomes Texas' first lady senator? Do you not wish that you could move the White House down here?

Sincerely,

Vera Louise Robinson.

Football Review

The beginning of the 1944 football season found the Handley Greyhounds without a coach. For a while it looked as if Handley would discontinue the sport for the coming year, but by the 1st of September a coach was secured and practice began immediately. Although Marvin Harris, the new coach, was a stranger to the boys, he soon gained their complete confidence and worked out a plan which carried the Greyhounds through a most successful season.

After just a few days of practice the Greyhounds had their first game with the Birdville Buffaloes. The final score was 20-0 in favor of Handley. By defeating Birdville, Midlothian, Grandview, and Grapevine, the Handley team was rated among the top ranking clubs in the Class A district. Then we came to the crucial game with the Diamond Eagles. After a slow start in the first half, we trailed by a score of 18-0. With time ticking away steadily the Greyhounds gained up to 3 points within the Eagles score. In the last three minutes of play the purple and white clad boys were from four to eight yards from a victory, but the Eagle line held for a series of plays and the gun sounded, ending the game. The final score—Diamond Hill 24, Handley 21.

This year, as in the past, the student body, faculty, and citizens of Handley gave the football squad much confidence and excellent backing. We wish to express our sincere thanks to each of you, for without you the season could not have been a success.

Basketball 1944-45

Rolling up a total of eleven victories and only three losses this year, the Greyhound roundballers finished with third place honors in a hotly contested battle that was played between three teams in the Class A division. The three way tie included Handley, Azel, and Birdville. Coach Harris and his boys lost the first playoff game to the Birdville Buffaloes 34-14. In the second game the favored Buffs lost the deciding game to Azel, giving the boys from Azel the Class A title.

With the popularity of basketball growing steadily in Handley, Coach Harris expects to have even a better team than that was anticipated for the coming season. Lettermen of the 1944-45 season are: Bob Barron, Don Powers, Alan Phillips, guards; and Jack Swafford, Jackie Everett, Bob Young, forwards.
